

SPECIALS I I / 2018

EUROPEAN QUALITY TOOLS

1/2" DRIVE REVERSIBLE FINE-TOOTH, HIGH-PERFORMANCE RATCHET

HAZET 916HP

- newly designed ratchet with only 4 ° angle (90 teeth) instead of usual 5 °, enables better use in even the tightest of spaces
- extremely high rating of 1000 Nm (compared to usual 512 Nm) allows usage like a normal (non fine tooth) ratchet for everyday applications
- extended service life thanks to design and usage of state-of-the-art lubricants
- special heat treatment for high-strength teeth and extremely sturdy square
- engaging function of the lever protects against unwanted switching
- same dimensions as standard 1/2" drive ratchet (275 mm long, 595 g)
- design and strict production tolerances protect against outside dirt entering the ratchet mechanism
- 2 component, non-twist handle, insensitive to break fluid DOT 4
- integrated suspension option in handle, also protects handle material from sliding off handle
- made in Germany
- repair kits available
